Be Cautious.

There seems to be a great tendency among the public to jump at conclu-sions, without stopping to consider re-A rumor springs up on the streets, and, without having the slightstreets, and, without having the slightest foundation, in fact, is given currency and retailed all over the town, causing some of the gravest apprehensions as to the matter concerning which the report is circulated. Instead of stopping to investigate, people conclude that the stories told are true, when the most ordinary common sense would suggest the propriety of not moving until the facts are verified, and form their judgments. These opinions again are passed around, thus adding weight to the vague nothings, and not infrequently working dire injury. infrequently working dire injury.

The reputation of an individual, or town, has very frequently been burt in this way. People should be very cautious about forming opinions.

Personal and General.

THE snow has crept down rather low in the mountains.

Ose drunk and one peace disturber were tried in the Police Court yesterday.

THE storm interfered rather seriously with the attendance at the Opera House last evening.

A large number of tickets' have been sold in this city for the Booth performances in Salt Lake. THE petition asking the city not to close Fourth Street has caused consid-erable consternation in certain quarters.

Now that the storm is over, everybody is anxious that it may clear up without a heavy frost that would injure the fruit crop.

UMBRELLAS and rubber coats are in good demand and the weather wise say they will be until about the last of the week. They ought to know.

Hall, rain and snow combined to make the city rather disagreeable for pedestrians. Everybody rejoiced to see the moisture coming, however. It seems that the recent frosts have killed all the early peaches. Fruit men have been examining the buds and al-most invariably find them blackened.

The corner at Third and Main Streets changed hands on Saturday last, the price paid being \$3,500. Dr. P. L. Anderson was the former owner. By the way, real estate transactions are becoming more frequent of late.

Knights on Condition. QUEBEC, April 10.-The following circular letter bearing on the Kuights of

Roman Catholic churches to-day:

Archeishopric of Querec,
April 5th, 1887.
In September, 1884, the Holy Sec.
consulted by me on the propriety of
Knights of Labor, condemned it under Knights of Labor, condemned it under pain of grievious sin, and charged the hishops to deter their diocese therefrom, as I did in my circular letter (No. 131, of February 5th, 1885). After representations made by their lordships, the bishops of the United States, the Holy See has suspended, until further orders, the effect of that sentence. In consequence, I authorize confessors of the diocese to absolve the Knights of Labor, on the following conditions, which it is your bounden duty to explain to them and make them observe:

serve:
First—That they confess and sincerely repent the grievious sin which they committed by not obeying the decree

of September, 1884.
Second—That they be ready to abundon this society as soon as the Holy See shall ordain it.
Third—That they sincerely and explicitly promise absolutely to avoid all that may either favor Masonic and condemned sociaties or violate the laws either of justice, charity or of the State.

Fourth—That they abstain from every promise and from every oath by which they would bind themselves either to obey blindly all orders of directors of the society, or keep absolute secrecy even towards the hwital authorities. (See "Discipline," 6217). In behalf of these penitents only and by virtue of an indilt I prolong the time of pashai communion until the feast of ascension, inclusively. Please accept, sir, the assurance of my sincere attachment.

ent. X. E. A. Cand. Tascherau. Archbishop of Quebec. Quinne, April 10.—There is great re-joicing among the Knights of Labor over the withdrawal of Cardinal Tas-cherean's mandement of 1884 Clause four of the circular letter has been well weighed by the Knights and will be ac-cepted by them, as it is even now rumored that the encyclical letter will remove all objection and recognize the order. They seem to think the cardinal is only paving the way to revoke the mandement entirely.
